

Liberation

Grave

Finally here to walk down the path
Bloody steps towards the light
Staggering on through my last breath
Fallen I am, and frail
Transformation of my lost soul
As spirits breed

Regenerated through a dark mind
Bright turns to black
White turns to red
As the angels weep
My soul is raped repeatedly
Fallen I will remain

Liberation of my lost soul
Spirits bleed
Generated through a dark mind
Godspeed!

Scarred I was born
From religion and faith
My hearts belief so fake
Dark side oppressed
And expressed silently
Forlorn eternally

Expected to follow the blinded flock
Rebellion overload
Devotion, diverting a killing spree
Forlorn finally
Bright turns to black
White turns to red
My soul is raped repeatedly
Fallen I reign as I revel

Through bloodstained skies
Transformation of my lost soul
As spirits breed
Regenerated through a dark mind
Bleed!
