

## Plague of Nations

Grave

Terror is rising in the East  
Never ending suicide  
Holy war put you to death  
Bombing, killing, murder  
Brainwashed from birth  
Medieval ways practiced today

Ready to die for your God  
Martyr death gives you praise  
Oppressive laws, living like slaves

Raging death, on they slay  
Spreading terror, the end of the world  
Genital mutilation, veil of oppression  
Bombing, killing, murder  
Ravaging madmen born to die  
Holy war unjustified

Ready to die for your God  
Martyr death gives you praise  
Oppressive laws, living like slaves

Descending darkness, evil has landed  
Force fed with your God, a lunatic herd

Innocent victims perish in the flames  
Holy war is upon us now

Ready to die for your God  
Oppressive laws feeds your hate
