

## Sinners Lust

Grave

Time to Face my destiny  
All around me sinner bleed  
Fornication is Heavenly  
But my long lost faith summons me

The Lies, The Lies  
Will I ever be whole again?

Restoration Has Begun  
Cleanse my soul, oh holy one  
Heal me, steal my wicked mind  
In your kingdom glory, receive me

Waiting for a sign  
Show me the way, bring me the light  
Behold my glory  
It is time

Standing at the crossroads  
Angels or demons? Heaven or hell?  
Death of Glory?  
The Blood tastes so sweet, I know its my time to die

Body reformation complete  
Laughter roars as the angels weep  
Fornication is Heavenly  
In your kingdoms' darkness I am free

The Blood, so sweet  
Death or glory my unholy lust

Waiting for the sign  
I am the way to the dark  
Behold my glory  
As heaven burns
