

Trial by Fire

Grave

Long before present time, the hunt was on
Searching for those who Denied the cross
Witchfinder general, selfappointed by god
Disregarding any proof of innocence

In the name of god the sentence came
"Drink the blood of christ or taste the flames
If you confess your crimes your life will be spared
If not I will commence your final hour"

"Satans spawn on earth
Fornicating with Darkness
Burn her at the stake
This meeting is ajourned"
