

## Trial by Fire

Grave

Long before present time, the hunt was on  
Searching for those who Denied the cross  
Witchfinder general, selfappointed by god  
Disregarding any proof of innocence

In the name of god the sentence came  
"Drink the blood of christ or taste the flames  
If you confess your crimes your life will be spared  
If not I will commence your final hour"

"Satans spawn on earth  
Fornicating with Darkness  
Burn her at the stake  
This meeting is ajourned"
