

## Kottonmouth BJ

### Gravy Train

Way back in '97 was a young blossomin' ho  
Only given 'bout 8 blowjobs, never drank or smoked indo  
Until one fine evenin', pages I was receivin'  
Beginning to feel that old heavin' in my beave and  
I whipped up a cocktail of cookin' wine  
Nasty buzz kicked in and I was feelin' fine  
But I needed somethin' spicy to give me a lift  
A special magic cigarette went by the name of SPLIFF  
And I went.  
And I was smoke smoke smokin' just to hit my stride Sittin' tal  
kin' shit about small dix with gnarly tips  
I was a faded little bitch munchin' on chips and a fish sandwic  
h  
I'm kinda like a hotel, always got someone in my bed  
This night was no exception and of course he wanted head  
I reluctantly approached the tiny thing he had down south  
Cuz I'm a filthy little slut, I like to take it in the mouth  
I couldn't manage nothin' and that boner asked me why  
I said, "You can't bone my mouth when my mouth is bone dry"  
And I went.  
And I was suck suck suckin' on the Astroglide
