

# Let My Love Open The Door

Great Big Sea

When people keep repeating  
That you'll never fall in love  
When everybody keeps retreating  
Oh, but you can't seem to get enough

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart

When everything feels all over  
When everybody seems unkind  
I'll give you a four-leaf clover  
Take all the worry right out of your mind

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart

I have the only key to your heart  
I can stop you falling apart  
Try today and you'll find a way  
Come on, give me a chance to say  
"Let my love open the door,"  
That's all I'm living for  
Release yourself from misery  
There's only one thing that's gonna set you free

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart

Tragedy embalms you  
Don't let it bring you down  
Luck can cure your problem  
You're so lucky I'm around

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart

When people keep repeating  
That you'll never fall in love  
When everybody keeps retreating  
But you can't seem to get enough

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart
