

Somedays

Great Big Sea

Some days I feel sad and lonely
Some days I feel fine
Some days the clock just ticks too slowly
And I wish away my time

But when you come to me
I realize how wonderful this life can be
With you, you and me

Some days I get so psychotic
And some days I am blue
Some days I sip my gin and tonic
And I wonder what the world will do

Some days I think I just fell from the sky
Some days I see a child and start to cry
But everyday I try

Some days I am virtuous
More days I am bad
Some days I just can't get enough
Of the sweetest thing I've ever had

Some days I think I just fell from the sky
Some days I see a child and start to cry
But everyday I try
