

# Something Beautiful

Great Big Sea

1. Hey you, you lost your only friend  
You can't believe your broken heart will ever mend  
But every mountain has its faces, that'd make you want to stop  
On this so unwelcome journey from the bottom to the top

R: Move along, I believe there's something beautiful to see  
Move along, I believe there's something beautiful  
Move along, I believe there's something beautiful  
Just waiting for you and me

2. I know, you'll never count the tears you've cried  
Though you've asked a million questions, No one could tell you why  
A single soul is chosen to be the one put to the test  
But there'll be some consolation for a heart that never rests

R: Move along...

\*: The years will make us older, the winters make us colder  
And there's one more thing I've come to know for sure  
There's no bitterness that smolders, no chip on any shoulder  
That a random act of kindness couldn't cure

3. Hey you, you lost your only friend  
You can't believe your broken heart will ever mend  
But every mountain has its faces, that'd make you want to stop  
On this never-ending journey from the bottom to the top

Oh you've got to...  
Move along...

R: Move along...
