

Put There By The Land

Great Lake Swimmers

There's a mark on my hand put there by the land
There's a mark on my hand put there by the land
There's a mark on my hand put there by the land
There's a mark on my hand put there by the land

Can't you see it's in me, can't you see
Can't you see it's in me, can't you see
Can't you see it's in me, can't you see
Can't you see it's in me, can't you see

There's a mark on the land put there by my hand
There's a mark on the land put there by my hand
There's a mark on the land put there by my hand
There's a mark on the land put there by my hand
