## **Put There By The Land**

## **Great Lake Swimmers**

```
There's a mark on my hand put there by the land There's a mark on my hand put there by the land There's a mark on my hand put there by the land There's a mark on my hand put there by the land Can't you see it's in me, can't you see Can't you see it's in me, can't you see Can't you see it's in me, can't you see Can't you see it's in me, can't you see Can't you see it's in me, can't you see

There's a mark on the land put there by my hand There's a mark on the land put there by my hand There's a mark on the land put there by my hand There's a mark on the land put there by my hand There's a mark on the land put there by my hand
```
