

# Down On The Level

Great White

Take a little something just to clear my head  
Wound up falling right through her bed  
Kind of disillusioned about the way I live  
But some day something's got to give  
I take what I want and when I want it  
But I got to be cool and let it ride

Keep it right down on the level  
Keep it down down down down down  
Keep it down on the level yeah  
Down on the level

Step in through the front boy slip out through the crack  
This kind of loving going to break your back  
Checking out your back nine while you're walking out the door  
I've got a feeling you'll be back for more  
It's the way I live don't make no compromise  
Still I got to be cool ain't no surprise

Keep it down down down down down  
Keep it down on the level yeah  
Right down on the level  
Keep it down down down down down  
Down down on the level  
Hey boy keep it down

One of the nights when I'm climbing the walls  
I'll start walking  
Nowhere to go making no sense at all  
Nowhere to go making no sense at all  
And no ones there to break my fall

Keep it down on the level  
Keep it down down down down down  
Keep it right down on the level  
Keep it down down down down down  
Down down down on the level yeah  
Keep it right down on the level boy
