

Got a handful of nothing and a rusty old bed  
Got our pockets full of wishes dreams inside our heads  
But this old world ain't got anything that you love  
Your sweet love ain't going to give

Now wait a minute darling I think there's something you ought t  
o hear  
Still crazy about your loving girl even after all these years  
Got a gleam in your eye and a smile that never fails  
To recognise when I'm feeling feeling blue

You're so easy to love, like a warm summer night  
You're so easy to love, and it sure feels right  
You're so easy to love, and I'll be a fool just for you

Yes it's been a while  
Since I've been loving you child  
Don't you leave me alone  
Don't you leave me alone oh no  
Yes it's been a while  
Since I've been loving you child  
Don't you leave me alone  
Never leave me alone oh no

Now they say hearts often wander  
But let me make one thing perfectly clear  
This old heart of mine darling  
Is going be staying right here  
'Cause the love that you give  
Is like a sweet song playing through my soul

You're so easy to love, like a walk in the rain  
You're so easy to love, I'd do it all again  
You're so easy to love, and I'll be a fool just for you  
You're so easy to love  
You're so easy to love  
You're so easy to love, and I'll be a fool just for you, yes I  
will
