

Feelin' So Much Better

Great White

Got to get away, get away, any day now
Yeah, I'm going to break it
Feel it in my bones, got the Jones, for the real thing
Yeah, I couldn't fake it

Now the poison is gone
And it's time to move on
You can see it in my eyes
Now the poison is gone
And it's time to move on
Feeling so much better

Got to let it go, keep the flow, 'cause I know now
Yeah, it's time I take it
Got to keep it loose, use my juice, keep it running
Yeah, I'm going to make it

Now the poison is gone
And it's time to move on
You can see it in my eyes
Now the poison is gone
And it's time to move on
Feeling so much better

All right, yeah
Feeling so much better now
All right, yeah
Feeling so much better now, yes, I do

No more poison now

I can see, I can feel
I can touch, I can heal
I can love, I can dream
I can laugh, I can scream

Now the poison is gone
And it's time to move on
You can see it in my eyes
Now the poison is gone
And it's time to move on
Feeling so much better

All right, yeah
Feeling so much better
All right, yeah
Feeling so much better now
All right, yeah
And I'm feeling so much better now
All right, yeah
Feeling so much better now
Yes, I do
Yes, I do
Oh, yeah
Ooh, yeah
Feeling so much better, better now, yeah
