

Hard And Cold

Great White

You might notice if you look, I'm gettin' loose tonight.
Well I'm a man of action, it gives me the right
to live it to the limit, or rip it to the ground.
If you're lookin' for trouble, you're gonna find me 'round.

There ain't enough tomorrows. I'm livin' for today.

So come on and love me, get your shot tonight.
Don't bother loosenin', I like it tight.

I'll take you any time of night or day.
But don't get used to that. I never stay.

Hard and cold, givin' you a warning.
Hard and cold, your turn tonight.
Hard and cold, it's my war on these streets tonight.

Hard and cold
