

## Movin' On

Great White

Came to the city, to find my way  
There's a pot of gold, or so they say  
Little by little, got better everyday  
Made a bad move, and blew it all away  
But I know, I know it' s alright  
Cause I'm leavin' tonight

I'll keep movin' on, keep movin' on, baby  
I'll keep movin' on, keep movin' on, baby  
Oh right now

Back to the city, to get a new start  
Found me a lady, she took my heart  
And little by little, love is stronger everyday  
Life is good, gonna keep it that way!  
And I know, she'll be by my side  
And we're leaving, leaving tonight

We'll keep movin' on, keep movin' on, baby  
Gonna find a better day  
Keep movin' on, keep movin' on, baby  
Gonna find my way

Keep movin' on, keep movin' on, baby  
Gonna find my way, say no more!  
Yah keep on moving!

We'll keep movin' on, keep movin' on, baby  
Gonna find my day  
Keep movin' on, keep movin' on, baby  
You know, you know I found my way

Keep movin' on, keep movin' on  
Keep movin' on, keep movin' on  
Keep movin' on, keep movin' on  
Keep movin' on, keep movin' on...
