

## No Way

Great White

I get up in the morning  
Just to work all day  
I never had no vacation  
And what's a holiday?

I'm tired of working nine to five  
Somebody give me a break  
Caught up in this rat race  
I've got no time to waste

I want out, you can't make it  
I want out, no way  
I want out, so don't mistake it  
It's all that you've got and you're not going to leave it, no way  
There's no way

Maybe I'll buy me a new car  
Maybe I'll hop on a plane  
Get off in some foreign station  
Somewhere that don't look the same

I'm tired of working nine to five  
Somebody give me a break  
Caught up in this rat race  
I've got no time to waste

I want out, you can't make it  
I want out, no way  
I want out, so don't mistake it  
It's all that you've got and you're not going to leave it, no way  
There's no way

You're stuck in a rut  
No, no, you can't give it up  
There's no way
