

Same Old Song and Dance

Great White

get yourself cooler lay yourself low
coincidental murder with nothing to show
with the judge constipation will go to his head
and his wife's aggravation you're soon enough dead
it's the same old story same old song and dance my friend
it's the same old story same old song and dance my friend
got you with the cocaine they found with your gun
no smooth face lawyer to get you undone
say love ain't the same on the south side of town
you could look but you ain't going to find it around
it's the same old story same old song and dance my friend
it's the same old story same old song and dance my friend
fate comes a knocking doors start locking
your old time connection change your direction
ain't going to change it can't rearrange it
can't stand the pain when it's all the same to you my friend
when you're low down and dirty from walking the street
with your old hurdy gurdy no one to meet
say love ain't the same on the south side of town
you could look but you ain't going to find it around
it's the same old story same old song and dance my friend
it's the same old story same old story same old song and dance
same old song and dance
same old story
same old song and dance
