

Slow Ride

Great White

Well the sweet was moving slow
I had nowhere to go, I was high and dry
Never been so low
If you get the show, on my life
I was consternated
Abbreviated

There's a girl I want to know
But her rhythm doesn't slow when she strolls by
She said what you going to do
With your love you play the blues baby
If you wanted to, mama
Will you make a fool out of me?

I'm going to take you on a
Slow ride, baby, give a little loving all night
Slow ride, baby, everything will be all right

Well this story could be you
And it sucks to know it's true it ain't lie
Bounded for the blues
She was only passing through buy, oh my, my
Love is bound and gated
So overrated

There's a girl that's stepping free
Of her responsibility, she took me clean
She said what you going to do
Can I change your point of view, baby
If you want to know the truth
Now did you make a fool out of me?

I'm going to take you on a
Slow ride, baby, you'll get a little loving some night
Slow ride, baby, everything will be all right

Guess I'll never know
Love is going to go
And make your life a hell
Ain't no way to tell
Guess I'll never know
When she's going to go
And say

I'm going to take you on a
Slow ride, baby, you'll get a little loving some night
Slow ride, baby, everything will be all right
Slow ride, baby, you'll get a little loving some night
Slow ride, baby, everything will be all right
