

There will be a time
I will close the gates of sorrow and fear
I won't be afraid of outside world anymore
Don't wanna be a prisoner
Of passion wanna cheer
I'm seeking for the Life, I'm looking for

My soul overflows with energy
I need to let it out
Subconscious rivers lead us to happiness
The music's getting loud

I, I, I really hate it, oh you know
I, I when the lights are gonna show
I, I, I don't feel good about this shit
I, I know that you don't think so

In one's life there is always a plenty of mistakes
It's a great deal from which we ought to learn
Feeling stronger I begin to burn
The devils of mind - burn, brun, burn!

My soul overflows with energy
I need to let it out
As I watch into her eyes, I can see
That marvellous Beauty I must shout

I, I, I really hate it, oh you know
I, I when the lights are gonna show
I, I, I don't feel good about this shit
I, I, I know that you don't think so

I, I, I really hate it, oh you know
I, I when the lights are gonna show
I, I, I don't feel good about this shit
I, I, I know that you don't think so

I, I, I really hate it, oh you know
I, I when the lights are gonna show
I, I, I don't feel good about this shit
I, I, I know that you don't think so
