

## Desperate Angel

Greedy Invalid

Between the Earth and the sky  
an angel sat on a cloud and cried  
He wanted just to stroke her wings  
without thinking of any sins

People can often be blind  
Our complicated mind sometimes tells lies  
We want to be loved all the time  
But we give a cough - LOVE ISN'T REASON TO DIE!

She said: "Throw away this fascination,  
Love's only a devil's fabrication!"  
He thought how could she be so cruel  
and call him a naive fool
