

## Little man

Greedy Invalid

Open your eyes  
don't be shy  
The light won't hurt you  
It is just the sun  
Our empty lives  
we keep asking why  
Who will do  
I'm not the one

I love you  
you hate my love  
I hate you  
you really don't know why?  
There's a boy crying  
I can see myself in his eyes  
please help him!  
He's not afraid to die

Open your eyes  
I'm here to save you  
my friend  
They told you lies  
I whisper  
There is no end  
Can you smell the scent?
