

Moon Above The Woods

Greedy Invalid

She stood as a stone
She was all alone
Running wild from her dreams
She had left her home
Waiting for unknown
Salvation from moan

You know it ain't easy
Say what? It's just matter of the time

You always fall on the ground
After you sink
She didn't know
If she's done right

Moon above the woods
Falling down on me
Moon above the woods
My sweetheart can't you see?

She tried hard to feel
moment of ecstasy
her girlish wish
Everyone wants to be
loved by society
But she wouldn't sell her soul

You know just go through it
See if you're strong enough
