Cut Me Out

Greeley Estates

Cut me up
See what's inside me
See what's inside of me

Cut me up the way you like it
See what's inside
See what's inside of me

Is this all you ever wanted to dissect me
This is what you wanted
Is this all you thought it would be
Seeing inside of me
If you're gone too long I'll fall asleep

So, just cut me out and see my soul hanging out in the open
You just cut me out and watch my spirit leave me out into nowhere

I feel like I'm falling down into hell
I guess this is what you wanted
Pull out my organs one by one
You're so sick for doing this
If you're gone for too long I'll fall asleep

So, just cut me out and see my soul hanging out in the open
You just cut me out and watch my spirit leave me out into nowhere
Leave me stranded
Heading nowhere
I'm hanging out in the open
Leave me stranded
Heading nowhere
You left me out in the open

Fall asleep
Help me fall asleep
Fall asleep

Cut me up
See what's inside me
See what's inside of me

Cut me up the way you like it
See what's inside
See what's inside of me

So, just cut me out and see my soul hanging out in the open
You just cut me out and watch my spirit leave me out into nowhere
Leave me stranded
Heading nowhere
I'm hanging out in the open
Leave me stranded
Heading nowhere
You left me out in the open
