

## December

Greeley Estates

I can't believe its here  
Cold December  
It's getting colder everyday  
I wish you were here

December comes around  
It's been another year  
It still feels like you are here  
You're in the season  
The memories won't disappear  
You're in the season now  
December comes around  
It's been another year  
December comes around  
We don't want it here

And I still can't believe that you're gone now  
It feels so surreal  
The haunting feeling of it all  
We knew this would come  
It's colder than I've felt before  
It wont go away

December comes around  
It's been another year  
It still feels like you are here  
You're in the season  
The memories won't disappear  
You're in the season now  
December comes around  
It's been another year  
December comes around  
We don't want it here

And I still can't believe that you're gone now  
It feels so surreal  
God where, Where were you when we called out  
We called out to you
