

I didn't want to say it, but I can't keep it in  
You make me want to vomit  
Die won't you just die  
And just when I thought that it couldn't get worse  
I saw your new persona  
Die won't you just die

You have a way of making this all feel so cheap  
The sight of you disgusts me  
Die won't you just die  
I hope you enjoy your little piece of fame  
It won't be here tomorrow  
Die won't you just die  
Won't you just die

I didn't want to say it, but I can't keep it in  
You make me want to vomit  
Die won't you just die  
And just when I thought that it couldn't get worse  
I saw your new persona  
Die won't you just die

I've tried to find some humor, I've tried to relate  
I won't sink to your level  
Die won't you just die  
Thanks for the reminder that the scene has gone to hell  
It's full of little divas  
Die won't you just die  
Won't you just die

You came out of nowhere and you murdered the scene  
If I could do you a favor, I'd choke your life out  
You came out of nowhere and you don't have a clue  
If I could cut you to pieces I'd take my sweet old time

All this means so much, means so much to me  
The blood and the sweat, the tears I've shed  
Means so much to me

I won't let you piss all of it away
