

Lights out
It's time for us to find our way out
We've been trapped in this hell for too long
If we don't get out soon we'll die in here

So if you ever find your way out of here
And you make it out alive
Then promise me you'll never lose sight of what
happened to you
Don't ever look back
Don't ever look back down

Show me you want to live
And that you'll fight for it now
Show me you want to live
You hold the key to this now
Show me you want to live
And that your not afraid to die for it
Either stand for something
Or fall for anything

So if you ever find your way out of here
And you make it out alive
Then promise me you'll never lose sight of what
happened to you
Don't ever look back

Show me you want this, show me your fight
Show me your not afraid
And that your not afraid to die for it

If you find your way out, keep on running
And disappear without a trace

Don't ever look back to this hell
