

Outside of This

Greeley Estates

She's searching for someone
To save her from this place,
To rescue (rescue) her from what she can't escape
There's not much hope left
She's thrown it all away
Been knocked down so much she can't get up
She cries out in pain

Take me (take me away) away
(Further away)
Outside of this!
I'm looking (falling apart) for what's...
(Looking for what's...)

Her make up smeared around
As tears run down her face
The mask she (the mask she) had is soon to be erased
She's broken and let down with nowhere left to turn
Asking herself, "What's worth living for?"
She cries out again

Take me (take me away) away
(Further away)
Outside of this!
I'm looking (falling apart) for what's
(Looking for what's)
Outside of this! Outside of this!

The candle is burning out!
The light flickers away!
The candle is burning out!
The light flickers away!
The candle is burning out!
The light flickers away!
You reach out your hand
To save her from this place
You reach out your hand...
To save her from this place

Take me (take me away) away
(Further away)
Outside of this!
I'm looking (falling apart) for what's
(Looking for what's)
Outside of this!

Take me away! (Take me away)
Further away! (Further away)
Outside of this!
I'm falling apart (Falling apart)
Looking for what's... (Looking for what's)
Outside of this! Outside of this! Outside of this!

Take me away! Further away! Outside of this!
