

Tonight

Greeley Estates

Tonight, I'm about to break.
I found out what you're saying.
It's not about the truth this time.
It's not about your little lies.
It's all about the fact I thought I trusted you.

I found out what you said and now there's no turning back.
You stabbed me when I wasn't looking.

Tonight, I'm about to break.
I found out what you're saying.
Tonight, I'm about to lose it.
I heard all that you said to them.
It's not about the lies you told.
It's not about the words you spoke.
It's all about the fact I thought you were my friend.

I heard all that you said.
I thought that you were my friend.
I see now who it is you're fooling.

This all feels like a dream.
It's spinning out of control.
Your tongue's the fire that burned this house down.

Just shut up, or I'll do it myself.
I said it before, and I'll say it again:
If you can't shut your mouth, then I'll do it myself.

I found out what you said and now there's no turning back.
You stabbed me when I wasn't looking.

Tonight, I'm about to break.
I found out what you're saying.
Tonight, I'm about to lose it.
I heard all that you said to them.

The lies fall from your lips like, like poison and honey.
The lies fall from your lips.
Now, I see through your disguise.
The lies fall from your lips like, like poison and honey.
The lies fall from your lips.
Now, I see through your disguise.

Tonight, I'm about to break.
I found out what you're saying.
Tonight, I'm about to lose it.
I heard all that you said to them.

I said it before, and I'll say it again:
If you can't shut your mouth, then I'll do it myself.
