

Turn the Night Away

Greeley Estates

I smell it on your breath
You can't lie to me
Forget that
I'm not a stranger to this

Don't keep driving
Have you been sleeping?
Don't drift off and fade away
Don't keep driving
Have you been sleeping?
I can tell you're not awake

Stop the car
Drop the keys
Turn the night away
Stop the car and we'll find a way
Stop the car
Drop the keys
Turn the night away
Stop the car before it's too late

My hands won't stop shaking
My heartbeat's getting faster
And now you're acting strange
You're not yourself
You're gonna get us both killed

We've been on this road for over an hour now
And you still haven't spoken a single word back

Don't keep driving
Have you been sleeping?
Don't drift off and fade away

Stop the car
Drop the keys
Turn the night away
Stop the car and we'll find a way
Stop the car
Drop the keys
Turn the night away
Stop the car before it's too late

Don't keep driving
Have you been sleeping?
Don't drift off and fade away
Don't keep driving
Have you been sleeping?
I can tell you're not awake

Don't keep driving
Have you been sleeping?
Don't drift off and fade away

I see headlights in the rear view
It's time to get off the road
Get out of the car

Can you hear the sirens in the distance
You know that could've been us

Don't keep driving
Have you been sleeping?
Don't drift off and fade away
Don't keep driving
Have you been sleeping?
I can tell you're not awake

Don't keep driving
Have you been sleeping?
Don't drift off and fade away
