

What If

Greeley Estates

what if today was our last
the last chance we ever had to say
would we take advantage of what we have
before it was too late to say

all this means to us (and all this means to us)
everything we have (and everything we share)

if you walk out that door never to return how could i live with
myself
so many regrets that i would have to face
things i could have changed and ways i could have shown you
how much i care

why, is it so hard for us to say the things we feel inside our
hearts
let's take the moments that we have and remember everyday to sa
y

all this means to us (all this means to us)
everything we have (and everything we share)

if you walk out that door never to return how could i live with
myself
so many regrets that i would have to face
things i could have changed and ways i could have shown you
how much i care

i don't want to waste our days
i don't want to forget to say
i love you
