

# You'll Never Leave Vegas Alive

Greeley Estates

Last time I checked,  
I told you you should leave this town.

I'll only warn you once,  
They'll cut out your eyes and watch you, watch you die.  
They'll cut out your eyes and watch you, watch you die.

Remember when I said you'd never leave this place  
alive,  
I tried to warn you,  
Which brings us to this end of the road for you.

I'll only warn you once,  
I'll only warn you once,  
I'll only warn you once,  
They'll cut out your eyes and watch you, watch you die.  
They'll cut out your eyes and watch you, watch you die.

Can you see it now?  
I'm the one that made you disappear,  
I'm the one that made you disappear,  
I'm the one that made you disappear.

My lips are sewn shut, baby.  
Oh!

This one last request,  
I want you to know what you've done.  
So, soon you'll be nothing but sand,  
We'll watch as the vultures devour.

This one last request,  
I want you to know what you've done.  
So, soon you'll be nothing but sand,  
We'll watch as the vultures devour.

This one last request,  
I want you to know what you've done.  
So, soon you'll be nothing but sand,  
We'll watch as the vultures devour.

Can you feel it now?  
Your insides are pouring out.  
This is what I was warning you about,  
I told you you'd never leave Vegas.

Can you feel it now?  
Your insides are pouring out.  
This is what I was warning you about,  
I told you you'd never leave Vegas.

Can you hear it now?  
Your time is running out.  
The vultures circle now,  
I told you you'd never leave Vegas.

Can you hear it now?

Your time is running out.  
The vultures circle now,  
I told you you'd never leave Vegas.

I told you you'd never leave Vegas.
