

## Purple Door, Pitch Black

Green Carnation

I am your needle;  
I am your option out of here, it's that simple  
Oh, I can guide you,  
Through all your fears you'll come out strong, come join me

So save me, I'm falling  
And I don't have the strength to go on  
I need this, I breathe this  
So empty, afraid and alone

Well, we go way back  
But now's the time to let it go, I dare you  
Across the border something's waiting  
Some kind of change, the kind silence

So save me, I'm falling  
And I don't have the strength to go on  
I need this, I breathe this  
So empty, afraid and alone
