- 1. Don't want to have you hangin
  Around me like a leech
  I think you're just a problem
  So stay the hell away from me because I don't believe in you
  And I wanna sit here all my life alone
- R: This may sound a little rough Don't wanna fall in love
- 2. Don't need security
  I ain't no dog without a bone
  Don't have no time for love
  So stay the fuck away from me because I don't believe in you
  And I wanna sit here all my life alone
- R: This may sound... (2x)
