In the End

All brawn and no brains And all those nice things You FINALLY got what you want Someone to look good with AND light your cigarette Is this what you really want?

I figured out what you're all about And I don't think I like what I see SOOOOO ... I HOPE I won't be there in the end If you come around.

How long will he last Before he's a CREEP in the past And you're alone once again? Will you pop up AGAIN and be my "SPECIAL FRIEND" 'till the end? And when will that be?

I figured out what you're all about And I don't think I like what I see SOOOOO ... I HOPE I won't be there in the end If you come around.
