

# Stay The Night

Green Day

"I havn't got much time so I'll get to the point  
you wanna share a ride and get the f\*\*k out of this joint  
I got an impulse so impulsive that it burns  
I wanna break your heart until it makes your stomach churn

I gotta know if you're the one that got away  
Even though it was never meant to be

So stay, stay the night  
cuz we're runnin' out of time  
so stay the night  
I don't wanna say goodbye  
stay, stay the night  
cuz we're runnin' out of time  
so stay the night  
I don't want to say goodbye

I'm just sick and tired of feeling so alone  
Well, I don't understand the point if you have to go home  
why won't you stay and cure the circles round my eyes  
and we can watch the stars until the sun begins to rise

I gotta know if you're the one that got away  
Even though it was never meant to be

So stay, stay the night  
cuz we're runnin' out of time  
so stay the night  
I don't wanna say goodbye  
stay, stay the night  
cuz we're runnin' out of time  
so stay the night  
I don't want to say goodbye"
