

Better Love

Green River Ordinance

Faith is not an idle grace
Guide my fears and lead my way
Darkest heart that You have saved
I can't find a better love

When I set out for ruined lands
Shadows heavy where I stand
You took death and called me friend
I can't find a better love

You take me as I am
Now I understand

The greatest gift to give a man
Is to give him grace to live again

Faith is not an idle grace
Guide my fears and lead my way
The darkest heart that You have saved
I can't find a better love

You take me as I am
Now I understand

The greatest gift to give a man
Is to give him grace to live...

[?]...captivity and death,
it waited there for me
You took me in and washed me clean
And gave me words and songs to sing

You take me as I am
Now I understand

You take me as I am
Now I understand

The greatest gift to give a man
Is to give him grace to live again
