

# Flying

## Green River Ordinance

I wanna get lost  
In a simple song  
Sing it all night long  
Baby, dance with me  
We'll take that ride  
To the other side  
Spread our wings  
And we'll reach new heights

We're flying, we're flying high  
Darling, you look beautiful  
Just flying, your hand in mine  
Won't you come with me tonight

I wanna go down  
Baby, we'll go right round  
You always loved that sound  
Darling, dance with me  
No turning back  
Honey, it's a fact  
Yeah, you and me are right  
Where we need to be

Flying, we're flying high  
Darling, you look beautiful  
Just flying, your hand in mine  
Yeah, there's something in the air tonight

I see you baby,  
Shining like a light in the dark  
I feel you baby,  
Banging on my engine to start  
That look you gave me  
Firecracker right through my heart

Hey, hey, hey  
We're flying, we're flying high  
Darling, you look beautiful  
Just flying, your hand in mine  
There's something in the air tonight

Oh can you hear it?  
I wanna see it  
Oh can you hear it?

Go get me higher, Oh go get me higher, Oh go get me higher  
Go get me higher, Oh go get me higher, Oh go get me higher

Darling, you look beautiful  
Go get me higher, Oh go get me higher, Oh go get me higher  
Go get me higher, Oh go get me higher, Oh go get me higher

We're flying, we're flying high  
Darling, you look beautiful  
Just flying, your hand in mine  
We're flying, we're flying high
