

San Antone

Green River Ordinance

I wanna buy you a two door ride
I wanna head on down to San Antone
Take a stroll on down the river side
Casa Rio and just take it slow

Feel the current running through my veins
City moving like a passing train
Wanna head on down to San Antone
Find a love that we can call our own

Now who are you?
Maybe someday I will know
Now who are you?
Maybe someday I will know

Wanna drive up North to New Orleans
Saint Charles line on down to Bourbon Street
Old man playing "When the Saints March In"
We sing along just like we're long, lost friends
In the morning find a seat outside
Cafe du Monde and watch the city rise
Beignets and Chicory
Blue-eyed girl, you steal my heart from me

Now who are you?
Maybe someday I will know
Now who are you?
Maybe someday I will know

There's a beating in my chest
Fire in my heart
From the burning in your eyes
And freedom in your arms
There's a beating in my chest,
Freedom in my heart!

Now who are you?
Maybe someday I will know
Now who are you?
Maybe someday I will call you home!
Maybe someday I will call you home!

And I feel your blinking eyes
Calling me to love!
Now who are you?
Now who are you?
