

# She Is In The Air

## Green River Ordinance

She is in the air I breathe  
Feel her in the songs I sing  
Even when I'm out of reach  
She always finds me

Ten nights in Fort Worth  
Chasing down the wind  
Been counting down the days  
Until she's in my arms again

Like a wild west Texas  
Reaching over me  
Seeing her in my dreams  
A little piece of her in every thing

She is in the air I breathe  
Feel her in the songs I sing  
Even when I'm out of reach  
She always finds me

Can't remember life before her  
I don't know where I'd be  
She gave my heart direction  
There in my time of need

Some days I have to go  
Another night and another show  
I look out and I see  
A little piece of her in everything

She is in the air I breathe  
Feel her in the songs I sing  
Even when I'm out of reach  
She always finds me

Even on the darkest nights  
Held me in her arms so tight  
How ever far away I be,  
She always finds me

She is like a sun,  
Shining over me  
She makes the good things better,  
Better than I ever dreamed.

Couldn't be me without her  
Wouldn't be here without her  
Yeah, she is pulling me close  
My heart and my soul  
Everything I want to be, yeah.

She is in the air I breathe  
Feel her in the songs I sing  
Even when I'm out of reach  
She always finds me
