

Corner of My Eye

Green River

I've been watching you
From the corner of my eye
I've been watching you
For most of my life
I've seen you try
To hide your desires
I've seen through your
Deception & lies
You can't change
What's already been done
You can't hide
What I've known all along
And there's nothing you can do...
(You know nothing about me
I know all about you)
You can't point
Your finger at me
'Cause I know
I know I'm not
I'm not the guilty one
As long as you meet my demands
I promise I won't tell anyone
I caught your secret
Without even trying
You've always been in
The corner of my eye
Tonight I find out if there's
Anything more to learn
I'm your unseen shadow
As curiosity burns
And I know what I know
'Cause I've known it all along
Yeah, I know that I know
My knowledge makes me strong
