

Identity

Greenwheel

No one can hear
All that's been said.
You're feeding me useless lines
Of nothingness.

Let me run away,
Don't keep me here.
I can't stay around
And take this fear.

Is everything I want to be
A disgrace to my identity?
I don't mind.
Just give me my indifference,
Stop questioning my reasoning.
I don't mind,
No, I don't mind.

Uncomfortably clear.
All is the same now.
I'm adapting to this.
No, I'm not afraid now.

Let me run away,
Don't keep me here.
I won't stay around
And take this fear.

Is everything I want to be
A disgrace to my identity?
I don't mind.
Just give me my indifference,
Stop questioning my reasoning.
I don't mind,
No, I don't mind.

I don't mind,
No, I don't mind.
