

Louder Than Words

Greenwheel

Can you hear me, not so loud a whisper
It seems as though it fades away
before you hear what i have to say
words can't offer you agreement
they're injustice to the songs
you sing undermining your best intentions

Silence speaks louder than words
sometimes but not everybody listens
it be known to all who'd only shut their mouth
Silence speaks louder than words

can you hear me now that i am screaming
'cause i can't tell a difference made
with that blank stare on your face
and how do i explain, what i am feeling?
just open up the cage today
it's a small price to pay

Silence speaks louder than words
sometimes but not everybody listens
it be known to all who'd only shut their mouth

although there may be indiscretion
remind yourself to play along
block out your repetition and remind yourself
who's in the wrong with you

Silence speaks louder than words
sometimes but not everybody listens
it be known to all who'd only shut their mouth
Silence speaks louder than words
sometimes but not everybody listens
it be known to all who'd only shut their mouth
