

# Manoeuvres

Greg Lake

I'm driving through the danger zone  
to find a way to get to you.  
It's a highway to a heart of stone,  
it's stopping me from getting through.

Ooh, don't keep me waitin',  
it leaves me feeling so up tight.  
Automatic, a lost fanatic,  
just searching through the night.

Manoeuvres in the danger zone,  
a stranger in distress.  
Manoeuvres in the danger zone,  
I'm sendin' out an SOS.

I'm skatin' over thin ice tonight,  
I never thought it could be this cold.  
What you're giving me in Fahrenheit,  
you're taking back in solid gold.

Ooh, I wanna take you,  
don't say I'm coming on too strong.  
Reflex action, satisfaction,  
tell me where you're coming from.

Manoeuvres in the danger zone,  
a stranger in distress.  
Manoeuvres in the danger zone,  
I'm sendin' out an SOS.

I realize I was a fool to love you. (fool to loveyou)  
I should have known.  
In your eyes the destination's clear to see.  
It was just a passade,  
why did you make it so hard for me.

Ooh, I wanna take you,  
don't say I'm coming on too strong.  
Reflex action, satisfaction,  
tell me where you're coming from.

Manoeuvres in the danger zone,  
a stranger in distress.  
Manoeuvres in the danger zone,  
I'm sendin' out an SOS.

Manoeuvres in the danger zone,  
a stranger in distress.

Manoeuvres in the danger zone,  
a stranger in distress.
