

And Then You

Greg Laswell

How my thoughts they spin me 'round
And how my thoughts they let me down
And how my thoughts they spin me 'round
And how my thoughts they let me down

How my dreams they spin me 'round
And how my dreams they let me down
And how my thoughts they spin me 'round
And how my thoughts they let me down

And then there's you
Then there's you
And then there's you
Then there's you

How my love it spins me 'round
And how my love it's let me down
And how my thoughts they spin me 'round
And how my thoughts they let me down

And then there's you
Then there's you
And then there's you
Then there's you

You know I know who that you love
I've written it on myself, if you can't tell
With a melody that climbs and then falls, then falls, then falls
Without you, without you

How my days they spin me 'round
And how today it sets me down
And how my days they spin me 'round
And how today it sets me down

Alongside you
Alongside you
Alongside you
