

# I Might Drop By

Greg Laswell

As you can see  
I'm not gonna beg and plead  
As you can see  
I'm not your worst enemy

And I did what I could with what you gave to me  
And one door is all the way out  
Did what I could, and now it's off of me  
And I'll leave it all to you to make good

I might drop by, from time to time  
Yeah I might drop by, from time to time

As you can see  
I'm not gonna beg and plead  
As you can see  
I'm not your worst enemy

And I did what I could with what you gave to me  
And I don't wanna?  
Did what I could, and now it's off of me  
And I'll leave it all to you to make it good

Is this all you want?  
Is this all you want?  
Is this all you want?

Did what I could with what you gave to me  
And I don't wanna?  
Did what I could, and now it's off of me  
And I'll leave it all to you to make it good

I might drop by, from time to time  
Yeah I might drop by, from time to time  
I might drop by, from time to time  
Yeah I might drop by, from time to time
