

It's Settled Now

Greg Laswell

Go on
My frame is intact
Go on
Bring all that you have

It's settled now
It's settled now

Go on
Don't spare me a thing
Go on
Let's break this thing in

It's settled now
It's settled now

I don't know why
This light has arrived
I will use it all
To see you this night

So lay down

Lay down

Lay down
Lay down
Now

So long
To bearing alone
So long
From here we soar on

It's settled now
It's settled now

I don't know why
This light has arrived
I will use it all
To see you this night

So lay down
Lay down

Lay
Down
