## Angels

Gregorian

I sit and wait Does an angel contemplate my fate And do they know The places where we go When we're grey and old coz I've been told That salvation lets their wings unfold So when I'm lying in my bed Thoughts running through my head And I feel that love is dead I'm loving angels instead

And through it all she offers me protection A lot of love and affection Wether I'm right or wrong And down the waterfall Wherever it may take me I know that life won't break me When I come to call she won't forsake me I'm loving angels instead When I'm feeling weak And my pain walks down a one way street I look above And I know I'll always be blessed with love And as the feeling grows She breathes flesh to my bones And when love is dead I'm loving angels instead
