

Neither Freer

Gregory and the Hawk

Baby, come save me
I'm going crazy, without you
Steal me away
These nights just ain't the same

And you can watch me wisely
But I'll turn on a dime
You can try and surprise me
But I've made up my mind
And you've known the whole time
I want you beside me

Or we can weight our lines here
Let it drown us, drag us down
Tangled in fear
But it won't come around
We've lost what we've found
Neither of us freer
