

Hate this

Grendel

How the fuck are you gonna make me feel better?

Don't yell at me!

Don't yell at you?

You fucking egotistical bitch!

You come here with this fucking self-righteous shit

You gonna find some words in that book that are gonna make me feel better?

Gonna make everything alright?

Suck on this!

I need to break away

From all the words you say

From all the deeds you've done

From all the faith you break

I need to get away

From all the time you waste

From all the rage you bring

From all the hope you take

This is a part of me

So deep inside of me

Engines fueled by your scorn

I want you to hate this

Hate this

You motherfucker!

Hate this

You know who I am?

Hate this

You motherfucker

Hate this (2x)

(2x)

I need to break away

From all the words you say

From all the deeds you've done

From all the faith you break

I need to get away

From all the time you waste

From all the rage you bring

From all the hope you take

This is a part of me

So deep inside of me

Engines fueled by your scorn

I want you to hate this

Hate this

You motherfucker!

Hate this

You know who I am?

Hate this

You motherfucker

Hate this (2x)
(2x)

Hate this (4x)
You think you know about hate?
You think you know about anger, motherfucker?

Hate this
You motherfucker!
Hate this
You know who I am?
Hate this
You motherfucker
Hate this (2x)
(3x)

Hate this (5x)

Suck on this! (2x)
Suck on it, how's that feel?

I hate you!
